Red indicator 5mm led Product Description

5mm red led normally PIN length is 25.4mm, we also can cut the PIN to the length that you want. Actually have bend legs and tape band service. It can do water clear lens or transparent lens or white diffused lens or color diffused lens. We also can provide PCBA service for this led.

Package Description ▼

Package Dimensions

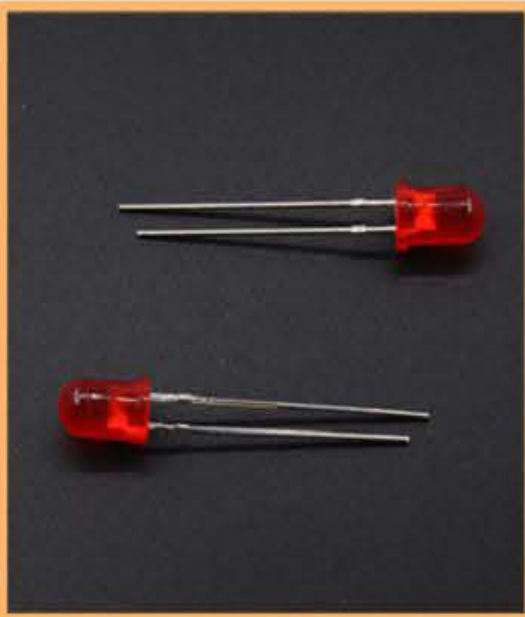

Unit: (mm)

Tolerance: ± 0.25 mm

red indicator 5mm led Parameter:

PRODUCT PARAMETER

LED Size 5.0*8.6mm

Color RED

Wavelength 625nm

Forward Voltage 1.8-2.4v

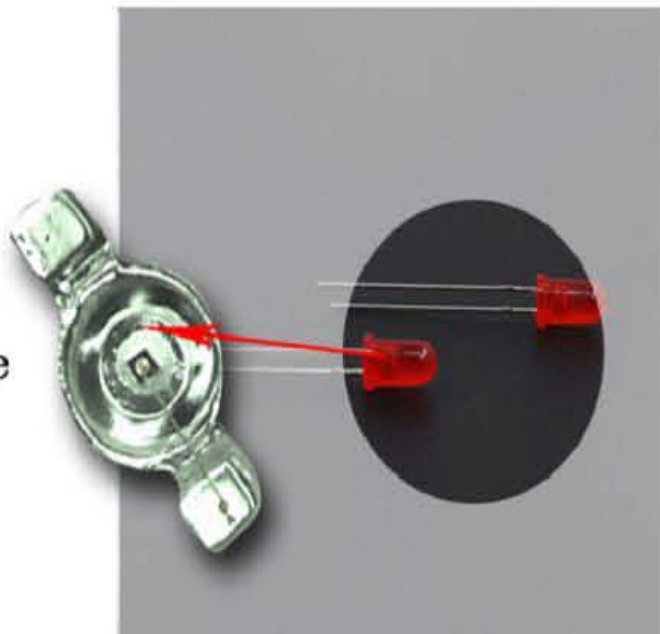

Forward Current 20mA

Luminous Intensity 300-600MCD

Packaging 500PCS

PRODUCT DETAILS

1. Chip, use large size regular square chip

2. Epoxy, use low light decay and high stability imported epoxy resin

5mm led round type full colors:

ZHIDING Technology Factory Sales

FOCUS ON QUALITY

Customer satisfaction is our pursuit

An orange LED with two silver leads, set against a grey geometric background with white lines and small yellow triangles.

FOCUS ON QUALITY

Customer satisfaction is our pursuit

A blue LED with two silver leads, set against a grey geometric background with white lines and small yellow triangles.

red indicator 5mm led Applications:

It have High-intensity,uniform illumination,Energy-saving and environmental protection,Low-power consumption,Well consistency,Bins sorting,Full-inspection before dispatch,CE & ROHS Certification, and widely used for many electronic products.

Precision crystal

Precision industrial camera zoom lens with automatic image recognition system to accurately position the chip

Automatic welding line

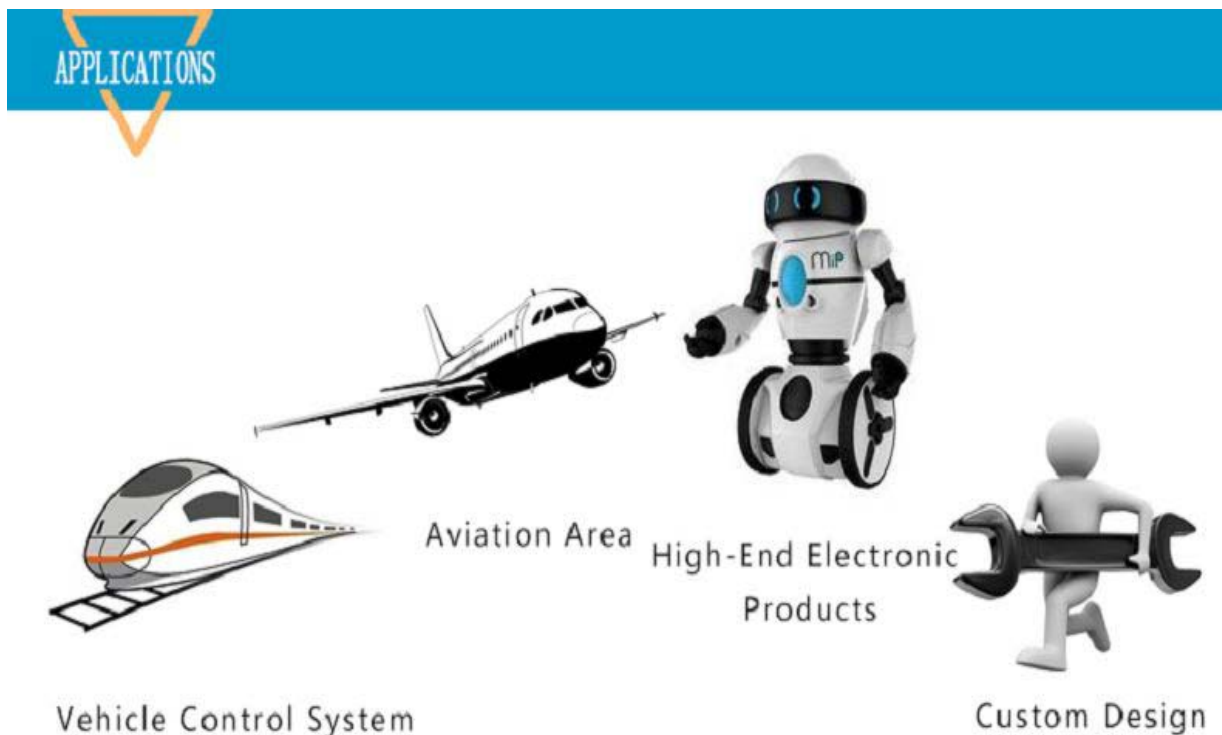

Fully automatic wire bonder, high precision wire bonding technology

Spectrophotometry

Intelligent dispensing system ensures high precision and accuracy of lamp beads

Packaging warehouse

Anti-static bag packaging, a large number of stock can be supplied to ensure timely delivery

Shipping for red indicator 5mm led

We can provide DHL, FedEx, UPS, TNT Express service and so on. Please tell us which shipping method you are prefer for red indicator 5mm led.

We have customers all over the world. To provide quality and timely services and provide high quality products, so that we get the customer's recognition and trust.

FAQ:

Q1. How can you ensure your products quality?

A1. We start the quality control from the design stage. We can almost do every step in house and have professional QC and test equipment to ensure the quality.

Q2. What will be the best price terms?

A2. Normally price term is FOB.

Q3. How much will the express delivery cost?

A3. The shipping discount are different because of different weight, volume and

destination. We will choose the cheapest and safest way according to your detailed requirement. For the exact cost, please contact us freely.

Q4. How to choose LED light source?

A4. Lumens(LM), light efficiency(LM/W), life span(hrs) are very important factors when choosing LED light.

Q5. What information shall we offer you for a quotation?

A5. The shape of LED (prefer to show us pictures), wavelength, Emitting distance, viewing angle, voltage, usage, demand quantity (different order quantity different price).

More details about red indicator 5mm led, please feel free to contact us, we are always at your service!
